- Scholarly book (commercial)

If a proposal, provide estimated completion date: _____

If a conference proceedings, provide conference details.

Conference title:	
Date(s) convened:	
Location:	
Sponsor(s):	

Does manuscript contain nomenclatural acts that must comply with the ICZN? yes no

SISP registers its publications in ZooBank when required by the International Code of Zoological Nomenclature. We encourage authors to register their specific nomenclatural acts in ZooBank as well.

Have you requested and/or obtained all permissions for figures owned by third parties? yes no

Have you requested and/or obtained all permissions for creatively unique text, such as poetry or song lyrics (often used as epigraphs)? yes no

Any third-party materials not properly licensed at time of revised manuscript (i.e., after peer review) will be omitted. See [SISP's Permissions web page](#) for guidance.

Abstract/Description (up to 300 words):

Word count (in MS Word):

Page count (in MS Word, double spaced, 1-inch margins):

Number of tables:

Number of figures (include all line art, graphs, maps, and photos):

Do figures/images require color printing? yes no

Can color images be grouped at back of volume? yes no

Will the author prepare an index for SISP? yes no

If no, SISP will hire indexer if index is required.

Does the manuscript require symbols or foreign fonts other than standard diacritics? yes no

Explain:

Not including standard italic treatment of species names, does the text include special styling (e.g., bold, underlining) that is critical to content comprehension? yes no

Explain:
